More than payments

Combined with our payment processing services, we provide you with solutions to handle your growing business.

Payment gateways

Accept payments online, in-person, by phone, mail or by mobile device through our Converge payment gateway. Your customers will be able to collect payments in any format allowing them to integrate all their payment locations in one easy to use payment platform.

Commercial card optimization

Reduce your costs associated with credit card acceptance by providing additional customer data without lifting a finger. Our proprietary program automatically populates all the data necessary to qualify commercial card payments for lower interchange fees.

Surcharging

An increasingly popular option, surcharging allows you to offset the cost of accepting credit cards by passing those costs¹ to customers who choose this type of payment.

Security

Our state-of-the-art security solutions combine authentication, encryption, and tokenization technologies to help protect cardholder data throughout the transaction cycle.

Complete payment solutions for every industry, of all sizes

From an entrepreneur starting out to a business ready to expand, U.S. Bank has deep expertise and customized solutions for every major industry. Our value-added payment services, such as funding options and gift cards, can help you go the extra mile to serve your customers.

As our customer, you are also eligible to receive the following benefits:

- Free statement analysis
- Preferred equipment pricing
- Flexible pricing plan options
- Dedicated account manager

1 Currently Credit Card Surcharge is not supported in Connecticut, Maine and Massachusetts, Puerto Rico or the Canadian Provinces. Although we offer surcharging in most states, Merchants are responsible for determining the legality of surcharging in their state, and merchants are solely liable if their activities are found to be unlawful. Credit card surcharge applies to credit card only, not available on debit cards.
