The Honorable Reggie Miller, Chair  
The Honorable Jerry Neyer, Ranking Member  
Committee on Agriculture  
Michigan House of Representatives  
Lansing, MI

The Honorable Sue Shink, Chair  
The Honorable Kevin Daley, Ranking Member  
Committee on Natural Resources & Agriculture  
Michigan Senate  
Lansing, MI

Dear Chair Miller, Ranking Member Neyer, Chair Shink, Ranking Member Daley and members of the Michigan State Legislature:

In anticipation of HB 4673 being taken back up for consideration after summer recess, our association has partnered with manufacturers and our dealer members to host a dealer demonstration. The purpose of this demonstration is to provide information about the access to and availability of parts, tools, documentation, and diagnostics for self-repair. The demonstration will be a transparent look at what the industry does to support customer repair and will include an open format for legislators to ask questions.

**What: Equipment Demonstration**

**Where: Hutson, Inc John Deere Dealership, 6018 E. Grand River Avenue, Portland, MI**

**When: September 12, 2023, 4:00 p.m.- 5:00 p.m.**

**Who: Legislators and Staff**

Along with CNHI and John Deere, NAEDA and the dealers of Michigan would like to invite you to this hands-on event that will include actual demonstrations of the tools used by customers to fix their own equipment. We encourage all members of the legislature to attend this informative demonstration and bring their questions. Technical experts will be walking through repair scenarios and will be available to answer questions you have about the equipment technology and the availability of that technology to end users that includes customers and independent repair shops.

Please RSVP to [ewareham@naeda.com](mailto:ewareham@naeda.com) no later September 8<sup>th</sup>.

Sincerely,

Eric Wareham  
Vice President of Government Affairs  
North American Equipment Dealers Association
