

# The Uniform Rental Catalog®

WE ALWAYS DELIVER, BECAUSE YOU ALWAYS DELIVER.

# Always deliver

Whether you sell, service, manufacture, or build, your job is to deliver for your customers. A uniform rental program from UniFirst will deliver for you, with professional looking workwear and customer service from uniform experts and trusted advisors. That's why more than 300,000 customer locations in virtually every industry across North America trust us to provide their employee workwear.

We're proud to outfit over 2 million uniform wearers with our flexible rental program options that can be customized to your specific needs. Every UniFirst uniform comes with the commitment and integrity only UniFirst can provide. And if renting isn't right for you, we also offer lease and purchase programs.

**You always deliver for your customers. That's why we always deliver for you.**

## TRIPLE-PRO SERVICE TEAM

Three dedicated service professionals assigned to your account to keep your program running smoothly.

## OUR FAMILY CULTURE

We extend our culture to the care and service we provide our customers.

## ISO 9001 FACILITIES

ISO Certified means consistently high quality service and products.

## FREE PROFESSIONAL PRESSING

We press all work shirts and lab coats at no extra charge.

## PROPRIETARY TECHNOLOGY

Exclusive systems benefit our processes and customer services.

## CUSTOMER SATISFACTION

Ongoing surveys show 99% of all UniFirst customers are satisfied with their service.

## REGULAR GARMENT INSPECTIONS

Automatic garment repairs and replacements are made before you have to ask.

## ISSUE RESOLUTION

All UniFirst Team Partners are empowered to solve customer issues on the spot.

## EMPLOYEE TENURE

Above industry average tenure delivers unrivaled service excellence.

MIMIX is taking the workplace by storm. We've partnered with Red Kap to offer these scientifically designed garments that are changing the way people think about workwear. Built-in stretch mesh panels have been strategically placed to maximize mobility and improve breathability. Bend, stretch, squat, and reach without feeling confined or concerned, because MIMIX is built for the way you move.

MIMIX flex panels improve mobility and breathability.

06MX

# MIMIX®: True innovation for today's workwear

## MIMIX® Ripstop Work Shirts

Dramatically improve your mobility and comfort level with this innovative work shirt that features strategically placed mesh stretch panels on the back, making it extra flexible and breathable. Lightweight ripstop fabric with Touchtex™ moisture-wicking technology provides superior color retention, soil release, and additional breathability. Two button-through hex-style chest pockets with pencil stall on the left, color-matched melamine break-resistant buttons, and a two-piece lined collar with sewn-in stays for a modern look. Women's shirt has a gently contoured silhouette. 4.25 oz. 65/35 poly/cotton ripstop. MIMIX panels: 3.8 oz. performance mesh, 100% polyester.

Colors: Navy (05), White (07), Lt. Blue (09), Black (12), Charcoal (31), Lt. Grey (48)

**PROTECT WORKERS, COMPLY WITH SAFETY REGULATIONS, AND HELP LIMIT LEGAL LIABILITIES.**

Your number one priority is worker safety. And in environments where flammability and/or arc flash risks exist, proper protective clothing is essential for all employees.

Armorex FR® Flame Resistant (FR) work garments are made by UniFirst in ISO 9001-certified facilities to ensure the highest quality. Made from the most innovative and proven arc-rated FR fabrics on the market, they meet international ASTM protective standards, have all the durability and comfort of “traditional” work apparel, and are UL® Classified to meet NFPA 2112.

Armorex FR garments can also help you comply with NFPA 70E, CSA Z462, and OSHA. That’s why Armorex FR is the smart choice for any business implementing a new arc-rated Flame Resistant Clothing (FRC) program or looking to expand an existing one.

**ATPV RATINGS:** Arc Thermal Performance Value (ATPV), also known as “Arc Rating,” is expressed in calories per centimeter squared and represents the thermal exposure from an electric arc that will create a second-degree burn. All Armorex FR clothing is labeled with ATPV values; the higher the number, the better the protection.

**CAT RATINGS:** Protective Equipment Categories (CAT) describe the levels of protection that a garment provides. These categories range from CAT 1, which allows single-layer FR arc-rated shirts, pants or coveralls, up to CAT 4, which requires FR arc-rated shirt and pants, plus a double-layer switching coat and pants. CAT is used to determine the necessary arc rating of a garment worn for a given task.

**FR GARMENT PERSONALIZATION:** To comply with FR safety guidelines, UniFirst recommends only standard size company and wearer name emblems on chest for personalization. Any other personalization options on FR garments, including those that utilize FR emblems and/or FR thread, are at the discretion and the responsibility of the employer and/or end user.

**For more information, visit [nfpa.org](http://nfpa.org).**

# Armorex FR<sup>®</sup>, Flame Resistant workwear that feels like everyday work clothing

## Armorex FR<sup>®</sup> Work Shirts

Our Armorex FR work shirts are designed with a full-cut back yoke to provide extra room in the body for greater ease of movement, and a longer shirrtail to prevent pull-out. Banded collar for a neat, dress-shirt look. Chest pocket flaps, bar-tacked pencil stall in left pocket. *Made by UniFirst.*

## ARMOREX FR<sup>®</sup> FABRIC OPTIONS

**88/12 FR Cotton/Nylon** combines safety and comfort with a rich feel that is soft to the touch. This arc-rated blend provides enhanced wear life and protective performance. NFPA 70E, NFPA 2112, and OSHA compliant.

**CXP<sup>®</sup>** ("Next Generation" Nomex<sup>®</sup>) from Westex by Milliken is an inherently Flame Resistant, arc-rated fabric made of 100% DuPont Nomex<sup>®</sup> IIIA. Incorporating Westex's proprietary Softouch Technology<sup>®</sup>, CXP boasts increased comfort, feel, and breathability; exhibits durable, longer-lasting color retention; and aids with NFPA 70E, NFPA 2112, and OSHA compliance.

**Tecasafe<sup>®</sup> Plus** from TenCate features enhanced soft-feel comfort and durability with a 48/37/15 modacrylic/lyocell/para-aramid blend that keeps wearers cooler in higher-heat work and weather environments. Coolderm Technology<sup>®</sup> and active moisture wicking also help keep workers dry and comfortable. Tecasafe Plus is arc-rated and allows for NFPA 70E, NFPA 2112, and OSHA compliance.

**Nomex<sup>®</sup> IIIA** from DuPont is an inherently Flame Resistant fabric designed with a blend of 93/5/2 Nomex<sup>®</sup>/Kevlar<sup>®</sup>/antistatic (static-dissipative) fibers to deliver superior heat, flame, and arc flash protection, while providing lightweight comfort. Nomex IIIA is an industry standard for FR protection and supports NFPA 70E, NFPA 2112, and OSHA compliance.

**100% Cotton FR Denim** is manufactured to mimic the fits, feel, and features of classic denim with the arc-rated protective properties of FR apparel. 100% cotton FR denim provides casual comfort with reliable protection for NFPA 70E, NFPA 2112, and OSHA compliance.

## OTHER FR FABRIC OPTIONS

**UltraSoft<sup>®</sup>** from Westex by Milliken is designed with both comfort and safety in mind. An arc-rated 88/12 cotton/nylon blend provides a soft feel, enhanced wear life, and protective performance. A classic choice for protection from electric arc flash, flash fire, molten ferrous metal, and welding exposure, and for NFPA 70E, NFPA 2112, and OSHA compliance.

**EVOLV<sup>™</sup>** from TenCate<sup>®</sup> utilizes cutting-edge science and represents a new way of FR thinking. A blend of aramid, lyocell, and modacrylic fibers provides an alternative to traditional FR fabrics with ultra-lightweight, soft, breathable construction that is equal parts comfort and protection. Arc-rated EVOLV also helps with NFPA 70E, NFPA 2112, and OSHA compliance.

**Armorex FR® Cotton Carpenter Jeans**  
CAT 2, ATPV 22

Five-pocket jean styling with a solid brass zipper and metal button closure. Seven bartacked belt loops. Knife and tool pocket on back left leg, hammer loop on back right leg. Prewashed 14 oz. 100% cotton FR denim. *Made by UniFirst.*

back

## CHOOSE YOUR LEVEL OF PROTECTION

Visibility garment selection should be based on expected use settings and work activities being performed. These are designated as off-road (type O), roadway and temporary traffic control (type R), or public safety activities (type P).

### ANSI Type O, Class 1

Performance Class 1 offers the minimum amount of High Visibility materials to differentiate the wearer from non-complex work environments and is only appropriate for off-road environments.

### ANSI Type R or P, Class 2

Performance Class 2 is considered the minimum level of protection for workers exposed to roadway rights-of-way and temporary traffic control (TTC) zones. Garments will have additional amounts of High Visibility materials that allow for better definition of the human form.

### ANSI Type R or P, Class 3

Performance Class 3 provides more visibility to the wearer in both complex backgrounds and through a full range of movement by the required placement of background, retroreflective, and combined performance materials on the sleeves and pant legs (if present). Garments have an even greater minimum level of High Visibility material the apparel must contain. A garment or vest without sleeves worn alone is NOT considered Class 3 protection.

### ANSI Class E

High Visibility garments that do not qualify as meeting the requirements of the standard when worn alone, but when a Class E item is worn with a Class 2 or Class 3 garment, the overall classification of the ensemble is Class 3.

### Enhanced Visibility

For workers who are working in lower-risk environments, but who can still benefit from the extra security of heightened visibility, particularly in low-light conditions. Enhanced Visibility garments are not ANSI rated.

### Garment Personalization

To comply with safety guidelines, UniFirst recommends only standard size company and wearer name emblems on chest for ANSI-rated High Visibility garment personalization. Any other personalization options are at the discretion and the responsibility of the employer and/or end user.

## GET NOTICED WITH SPOTLITE LX® VISIBILITY CLOTHING FROM UNIFIRST

### UniFirst SPOTLITE LX®

The Spotlite LX collection of visibility garments is manufactured by UniFirst in ISO 9001-certified facilities.

Spotlite LX High Visibility garments are ANSI compliant and feature our popular UniWeave® styling with moisture management, and 3M™ Scotchlite™ retroreflective striping for 360° protection.

Spotlite LX Enhanced Visibility apparel is constructed with reflective fabric for those workers in lower-risk environments who can still benefit from heightened visibility, particularly in low-light conditions. Enhanced Visibility garments are not ANSI rated.

## Keep your workplace clean and safe with UniFirst Facility Services

Great Impressions® 2.0  
by UniFirst

Capture dirt and dust particles before they spread to other areas. Place our UniFirst walk-off mats at all entrances and other routinely trafficked locations to capture dirt and moisture that may be tracked beyond the scraper mats. Our functional floor mats help lower maintenance costs and improve safety.

### Great Impressions® 2.0 Walk-Off Mats\*

Versatile and innovative walk-off mats are produced using UniFirst's next-generation mat construction. These high-quality nylon tufted mats offer superior soil trapping capabilities, while our unique stay-put "hugger" backing helps improve overall safety. Absorbent surfaces trap and hold up to one gallon of water per square yard, while improved color design options enhance any décor.

UniFirst-manufactured with 100% nitrile rubber backing, beveled edges, solution-dyed nylon pile, and ADA-compliant design. Meets the Federal Flammability Standards U.S. Department of Commerce (DOC) FF 1-70. UniFirst will professionally launder and replace your mats on a regular schedule to ensure they always look their best and remain fully functional. *Made by UniFirst in the USA.*

\*Heavy-duty (HD) mats are available for high-traffic and heavy-soil environments like grocery and convenience stores.

**National Floor Safety Institute**  
All UniFirst-manufactured floor mats are certified as "high traction" by the National Floor Safety Institute (NFSI).

# High-quality floor mats made exclusively by UniFirst

## FLOOR MAT SERVICES

With our scheduled floor mat service, all soiled mats are picked up and replaced with fresh, professionally cleaned ones. You get attractive, heavy-duty UniFirst-made mats designed for commercial foot traffic that trap and hold dirt and moisture better than the competition. Our full-service program enhances your facility's appearance and safety, and can even help you earn LEED® points and/or certification from the U.S. Green Building Council (USGBC) or the Canada Green Building Council (CaGBC).

All our floor mats have 100% nitrile rubber backing with beveled edges and are ADA compliant. *Made by UniFirst in the USA.*

### UniScraper® Mats

Designed to withstand the harshest conditions, yet remain effective for long periods of time. Keep the outdoor elements outside. Molded bidirectional cleats remove the dirt and moisture from footwear before it gets inside.

### Comfort First® Anti-Fatigue Mats

Nitrile-covered sponge mats cushion employees' feet, legs, and backs from the strain of standing. Helps prevent slips and falls. Increases comfort and productivity. Non-skid design. Heavy enough to stay in place, yet light enough to be moved with ease.

### Comfort Plus "Wet Area" Mats

Specially designed for wet work areas such as kitchens, bars, food prep sites, auto repair bays, and more. Combines anti-fatigue properties with efficient moisture flow-through design, and includes an anti-microbial compound that minimizes organic growth and reduces mildew. Durable, studded pattern underside aids drainage and air circulation while helping prevent slipping.

### Message and Safety Mat Collections

Safety, quality, and other messages on durable mats are colorful, informative, and attention grabbing. A different design will be delivered each week through our floor mat service to help reinforce your desired messaging. Plus, unique nylon twist yarns grab dirt particles and filter them into thousands of tiny reservoirs deep in the pile. Absorbent surfaces trap and hold up to one gallon of water per square yard.

### Custom Logo and Photo Mats

Your floors will be dressed for success. Ask your UniFirst representative for help with creating your own custom design or recreating your logo or favorite photo. Available in 150 standard colors, with over 1 million color combinations to reproduce photo-quality images. Unique nylon twist yarns grab dirt particles and filter them into thousands of tiny reservoirs deep in the pile. Absorbent surfaces trap and hold up to one gallon of water per square yard.

\* Leadership in Energy and Environmental Design, or LEED, is the nationally accepted benchmark for the design, construction, and operation of high performance green buildings.

See our UniFirst Facility Services product catalog or visit [UniFirst.com](http://UniFirst.com) to see all of our related products and services and submit a request for a quote.

# Facility service products for a clean and healthy workplace

Our facility service programs help you win the battle of positive perceptions with your customers, employees, and stakeholders. With our regularly scheduled services, we eliminate the hassle and expense of purchasing, stocking, laundering, and maintaining supplies. We deliver what you need, when you need it to lower maintenance costs, while improving overall hygiene and safety.

### Wet and Dry Mops

UniFirst mop services are designed to make cleaning easier and more economical for businesses of all sizes and traffic volumes. We take care of all the dirty work, including the laundering and regular replacement of soiled mops with fresh products.

### Microfiber Mops and Wipers

Our microfiber mops, dusters, and scrubbers are ideal for cleaning hard surfaces. Use them wet or dry, and clean faster with less water and chemicals.

### Cleaning and Disinfecting Solutions

You can save up to 90% or more in product costs when compared to purchasing ready-to-use cleaning and disinfecting solutions. Unlike mixing "free pour" concentrates, our wall dispenser and "one-shot" systems accurately dilute and dispense the high-performance solutions you need with ease and with no wasted concentrates. PURELL® Surface Sanitizer and Disinfectant Spray System is also available.

### Towels and Cloths

UniFirst towels and cloths are the best available. Made with virgin high-loft yarns, four-sided edging, and larger finished sizes to handle even the toughest jobs. Plus, our regular hygienic laundering, deliveries, and inventory-management services ensure you always have fresh, high-quality towels and cleaning cloths on hand when you need them. A range of disposable wipers are also available.

### Hand Care, Soaps, and Sanitizers

UniFirst handwashing and skin care products are formulated to clean, kill germs, and keep skin soft and healthy—even with frequent use—and we have environmentally friendly “green” options available too. Each product is available with our stylish dispensing systems, featuring cost-saving portion controls. Your UniFirst representative can recommend the products that will deliver the best results for you.

### Paper Towels and Toilet Paper

To provide sustainable restroom cleanliness and hygiene solutions, we supply TORK® paper towels and toilet paper, which carry Green Seal and ECOLOGO® certifications, and are manufactured from base paper that is 100% recycled. Portion-controlled paper dispensing systems reduce waste and come in traditional and touchless options.

**We offer a complete line of facility products and services, safety products, and PPE not shown. Just ask your UniFirst representative about other facility service options.**

### Air Fresheners

We offer environmentally friendly air freshener system options that neutralize odors at the molecular level, eliminating unnecessary chemical “masking” that could affect air quality. All of our odor-control products meet stringent clean air standards and dispense fragrance in accordance with guidelines established by the International Fragrance Association to protect the environment and human health.

### Ancillary Products

To help safeguard your staff on the job, we also offer a selection of personal protective equipment (PPE), including latex and nitrile gloves, safety glasses, facemasks, and more. High-quality cleaning cloths, disposable wipers, and other ancillary products also available.

# Advertise your business with branded uniforms

Our advanced personalization capabilities keep your staff looking professional and easily identifiable with your company's own branded look. Whether you choose emblems for uniforms or direct embroidery for executive shirts and polos, UniFirst personalization provides the superior image your business deserves.

## PERSONALIZATION OPTIONS FOR UNIFORM RENTAL PROGRAMS

Our standard emblem selection\* (shown right) offers dynamic color options with script or block style lettering to complement your uniform of choice. You get high-resolution embroidery on garment-matched emblems that are fade resistant for a consistent, upscale business image over time.

You may also select any of our standard emblems and have your company logo or other design custom embroidered in up to 10 thread colors chosen from our 54-color palette.
