

Supporting NAEDA Members Through Employee-Focused Benefits

At WorkPlace Consulting LLC, our mission is simple: assist dealerships to attract, retain, and support great employees by offering a meaningful, affordable benefit that makes a real impact in their everyday lives.

Through our partnership with the North American Equipment Dealers Association (NAEDA), we bring powerful voluntary benefit solutions—LegalShield and IDShield—designed to strengthen your workforce by protecting what matters most to your employees.

LegalShield Services

LegalShield services are an invaluable asset to your employees, offering them peace of mind with access to legal aid and resources available at their fingertips. Whether it's for personal matters or professional guidance, LegalShield ensures help is always available.

Employee satisfaction and retention are significantly improved when they know they have legal support as part of their employee benefits package. This not only helps in attracting top talent to your business but also in maintaining a loyal and motivated staff.

Implementing LegalShield can reduce workplace stress as employees know that they have protection and support. Legal issues can be daunting, but with LegalShield as part of their benefits, your team can focus more on their productivity and work satisfaction.

IDShield Services

IDShield offers comprehensive identity theft protection and recovery services, ensuring that your employees' personal information is secure. With the rise in cyber threats, having a dedicated ID protection service as part of your employee benefits safeguards them against potential identity fraud.

By integrating IDShield into your benefits package, you elevate the trust and satisfaction of your employees. They will feel more valued and protected, knowing that their employer is looking out for their best interests beyond the workplace. This can lead to higher morale and better employee retention.

An effective identity protection service like IDShield also enhances your company's reputation. When employees experience firsthand the benefits of optimal ID protection, they are more likely to advocate for your business as a caring and responsible employer.

Benefits

Providing these services to your employees boosts their morale, retention, and overall job satisfaction. Employee benefits like LegalShield and IDShield demonstrate your company's commitment to their well-being and security.

Support

We offer continuous support and consultation to ensure that your employee benefits are effectively, implemented, managed and tailored to meet the specific needs of your business and your workforce.

Comprehensive Benefits

Offering LegalShield and IDShield services underscores your commitment to comprehensive employee well-being. These services cover both legal support and identity protection, which are critical aspects of modern life.

When employees have access to these benefits, they are more likely to feel secure and focused, knowing that significant parts of their personal and professional lives are safeguarded. This level of support translates into improved workplace performance and job satisfaction.

Ultimately, comprehensive benefits packages make your company stand out as an employer of choice. They help in attracting high-caliber talent and retaining current employees, fostering a positive work environment where people are motivated to contribute and grow.

About Us

Workplace Consultants LLC is dedicated to providing exceptional employee benefits that prioritize legal protection and identity theft services through our LegalShield and IDShield offerings.

Since our inception, we have committed ourselves to delivering unparalleled support and solutions tailored to meet the unique needs of businesses and their employees. Our full suite of services ensures that you can provide your workforce with the security and peace of mind they deserve.

Operating nationwide, we work with a diverse range of clients, fostering strong partnerships and delivering consistent, high-quality results. Choose Workplace Consultants LLC to enhance your employee benefits program and improve overall workplace satisfaction.
